Form of Application for Priority Assistance in procuring supplies of materials or articles from the United Kingdom.

This form in ~~triplicate~~ quintuplicate is to be forwarded through the Local Administration or the Local Priority Committee where such exists to the Indian Munitions Board.

(1) Applicants should fill this form in ~~triplicate~~ quintuplicate and must furnish full replies to the questions noted below.

(2) The Local Administrations or the Local Priority Committees may require such further information to be submitted by the applicants as they may think necessary to enable them to deal with the application.

(3) One copy of this form will be returned to the applicants with the specific recommendation of the Indian Munitions Board as to the necessity for the supply of the material or stores asked for and the degree of urgency the Board attach to the demand. The form should then be sent by the applicants to the firm with whom the order is to be placed. It must accompany the application which may be made to the Ministry of Munitions for a priority certificate. In the absence of a definite recommendation from the Munitions Board, the Ministry of Munitions will not consider applications for the grant of priority certificates. The other two copies will be forwarded by the Munitions Board to the Ministry of Munitions.

(4) A separate form should be used for each order to be placed in the United Kingdom.

(5) In all cases where different sizes and descriptions of articles are asked for on one form *e.g.*, different sections of steel, different sizes of goods of the same description for upkeep of looms, ropes of different sizes, etc., etc., the information to be given under question 3 in the form, *must* be amplified by attaching to the form complete and detailed specification of the goods required. If by any chance such a specification cannot be prepared in India, agents or manufacturers in England must attach such a specification before the form is submitted to the Ministry. It is important that this should invariably be done.

(6) Applications should be addressed except as provided below to the Chief Secretary to the Local Administration or to the Local Priority Committee of the Province within which the materials or stores will be utilised.

(7) When this form is used for railway supplies, it must be forwarded by the applicants to the Secretary, Railway Board, through the Agent or Manager of the railway immediately concerned and not to the Local Administration or to the Local Priority Committee.

(8) When this form is used for supplies required directly on behalf of an Imperial Department of the Government of India the application should be addressed directly to the Department concerned.

---

1. State the name of the person or firm wishing to place the order.

Messrs. The Workington Iron & Steel Co., Ltd.,
